

April 25, 2024

ABS Quality Evaluations, Inc. has recently awarded AS9100D/EN 9100:2016 / JISQ 9100:2016, ISO 9001:2015 – ANSI/ISO/ASQ Q9001-2015, and Pressure Equipment Directive (PED) Annex I, Paragraph 4.3 of 2014/68/EU or 97/23/EC 7/2 certifications to Crucible Industries, LLC, located in Solvay, New York for the manufacture of both Air melted and CPM® melted products. CPM® products are tool steels, high speed steels, and stainless steels. Air melt produces stainless steels, automotive valve steel, tool steels, high speed steels, and alloy steel products. Other activities include conversion services, laboratory evaluation, and testing, and metallurgical services.

AS9100D/EN 9100:2016 is an international standard for quality management systems for aviation, space, and defense organizations based on ISO 9001:2015. Per SAE International, certification requires organizations to demonstrate its ability to consistently provide products and services that meet customer and applicable statutory and regulatory requirements, and aims to enhance customer satisfaction through the effective application of the system, including processes for improvement of the system and the assurance of conformity to customer and applicable statutory and regulatory requirements.

ABS Quality Evaluations, Inc. is an internationally accredited registrar for management system standards, such as ISO 9001, AS 9100, AS 9110, AS 9120, ISO 20000, ISO 27001 and environmental management system standards such as ISO 14001.
